Year 1

Week 34

Year 1 - Week 34

This week in a nutshell:

Welcome to the twenty-second week of Fluent in Five in Year 1

As children are now nearly at the end of Year 1, they should be becoming increasingly confident at selecting their own representations to support their calculations. Therefore, children will be introduced to an increasing number of questions which are either 'you choose' or where the representation is suggested (rather than modelled).

Children will continue to encounter skills from the across the Year 1 curriculum.

It is suggested that the following manipulatives are available for children to freely select from this week:-

- Number shapes
- Tens frames and counters
- 0-50 number lines
- Write on part-whole models
- Base 10
